In Memoriam

CHARLES CULBERSON WEST

January 24, 1897—January 14, 1934

The sun seemed dim and wan this morning, as if
 obscured by a cloud. Or was it that our eyes
 were filled with tears? The Great Spirit has
 called and the warrior has answered. He was
 our friend; even more, our brother.
 Our grief will be bitter, but not for long.
 Soon the sun will blaze once more in glory;
 our hearts will lighten; our eyes will clear;
 and we will realize that Manitou has called
 his son to a higher, nobler duty.
 Apaches, all is well! Warrior, rest in peace!

APACHE CHANT

We're Apache tribesmen,
Dauntless, brave and strong.
To defend our Totem Pole,
We would suffer long.
Gathered 'round our Council Fire,
We smoke our pipe of peace.
Real Atta Kula Kula's we—
Till life's pow-wow we cease.

We will be real red men,
Honoring our band.
We will make our tomahawks
Feared throughout the land.
To our sacred Hunting Ground
We give this song of praise;
Her unstained Black and Gold
Shall reign throughout our days.

CONFESSION

Ashamed and harboring such emotions
I thrust them to the back of mind.
But oh, my friend, you are so blind!
What you mistake for bold contempt
Is only foolish fear disguised.

+ +

Should I conceal these thoughts of mine
From probing human eyes to find?
Should I endure this mental stifling
Because my weak and sensitive soul
Fears ridicule?
I am a fool!

TO WHOM HONOR IS DUE

The following students have been invited to pledge themselves to Alpha Omicron chapter of Phi Theta Kappa, the honorary fraternity of Tyler Junior College. They were selected in view of their scholarship, character, leadership, and service. Alexander Bankhead, Mary Alice Blake, Melba Brooks, Ted Chilcote, Evelyn Crews, Louise Currie, Marjorie DeBord, Evelyn Edwards, Betty Ann Faulkner, Owena Godfrey, Mary Helen Grider, Pauline Heffler, Price Howard, Wayne Matthews, Louise McDonald, Josephine Newton.

SCHOLASTIC STANDING

Avalon Willis with a catalogue rating of 2.93 out of a possible 3 grade points leads in scholarship for the college.

Janetha Dale Kearby ranks a close second with 2.81 rating.

Third in scholarship is Marie Frances Lee, who has a ratio of 2.68.

Mary Helen Grider has a grade point ratio of 2.66.

Martha Odom merits fifth place by virtue of a 2.53 grade point ratio.

These grades were derived by counting an A as 3 points, B as 2 points, and C as 1 point. Each grade is multiplied by the hour credit, these values are added and the total divided by the number of semester hours. A ratio of 2.5 is necessary for eligibility to the honor roll.

The Engineers Club was organized to promote fellowship among the future representatives of the engineering world. Much has been done along this line in the way of field trips.

Probably the most enjoyable trip was made to the Gulf pumping station at Big Sandy. After inspecting the plant, the group spent the night fishing and telling "whoppers."

About the middle of the year, the Engineers went to Lufkin to visit the foundry there. Unusual courtesy was shown by the guides who made the trip very beneficial.

In January the Club promoted the Engineers' Minstrel, which was a wonderful success.

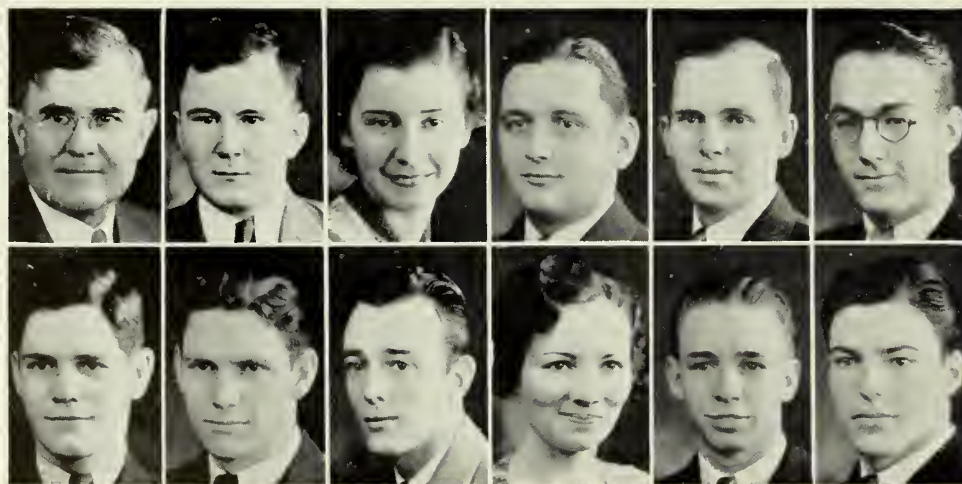

Other trips were made to the Cotton Belt yards in Tyler, the Texas Power and Light Company plant at Trinidad, and Mr. Frank Bell's irrigation project near Tyler.
